

Podiatry Service
Application for Podiatry Treatment

Cambridgeshire Community Services NHS Trust Podiatry Department can only accept applications for assessment on the basis of health needs or treatment for a specific condition as follows:

- Active foot ulceration and/or infection
- Where there is a long-term health condition that could lead to infection or ulceration in the feet and where treatment is required for appropriate foot related problems.

We are unable to provide care for people who require nail cutting only.

- Day case foot surgery for the correction of minor foot deformities e.g. hammer toe, bunion.
- Nail surgery for the treatment of ingrown toenails.
- Prefabricated insoles or orthotics for conditions such as flat feet, pronation, heel pain.

Please describe the foot problem	
Is there a history (past or present) of any of the follow? (please mark all that apply)	
<input type="checkbox"/> Poor circulation	<input type="checkbox"/> Diabetes
<input type="checkbox"/> Rheumatoid arthritis	<input type="checkbox"/> Loss of sensation in feet
<input type="checkbox"/> Amputation of a leg, foot or toes	<input type="checkbox"/> Surgery to the feet or legs
<input type="checkbox"/> Foot ulcer	<input type="checkbox"/> Foot infection
<input type="checkbox"/> Impaired immune system	<input type="checkbox"/> Current chemo/radiotherapy in feet or legs
Any other information that you think is relevant

Date:

Designation (if not the patient):

If this application appears to meet the podiatry service access criteria, an appointment will be arranged for an assessment at the nearest podiatry clinic. The letter will be posted to the address above.

However, if there is insufficient information given, the podiatrist may contact you for further details.

In the event of the access criteria not being met, the patient and his/her GP will be notified in writing.

To avoid an unnecessary delay in offering an appointment, please complete all relevant sections.

Please send the completed form to:

Available on E-Refer.
